LUXURY ENGINEERED PLANKS & TILES

Shown on front cover: SierraLux Live Oak

- **Luxury Engineered Planks & Tiles** are 100% waterproof stone core floor that is extremely dent resistant. It looks and feels like real hardwood & Stone.
- **Luxury Engineered Planks & Tiles** can be installed in virtually any room in the home or business including kitchens, full bathrooms and basements.
- **Luxury Engineered Planks & Tiles** are quick and easy to install! It has a Unilin® Click locking Installation method that can be installed immediately with no acclimation waiting time needed.
- **Luxury Engineered Planks & Tiles** - No tear out required! They are extra rigid and can be installed directly over most existing subfloors with no subfloor telegraphing concerns (See installation details for further information regarding your application).
- **Luxury Engineered Planks & Tiles** do not require glue, nails or underlayment for installation. To cut the product, simply score it with a utility knife and snap it, or use a miter saw.
- **Luxury Engineered Planks & Tiles** has an anti-microbial coating on top and a pre-attached rubber underlayment for a quieter warmer floor.
- **Luxury Engineered Planks & Tiles** is Floorscore® Certified and Formaldehyde Free (meets California Air Resource Board requirements).
