LUXURY ENGINEERED PLANKS & TILES

- **Luxury Engineered Planks & Tiles** are waterproof (see Limited Warranty on our website) flooring that is extremely dent resistant. It looks and feels like real hardwood & Stone.
- **Luxury Engineered Planks & Tiles** can be installed in virtually any room in the home or business including kitchens, full bathrooms and basements.
- **Luxury Engineered Planks & Tiles** are quick and easy to install! It has a Unilin® Click locking Installation method that can be installed immediately (except for BossWood).
- **Luxury Engineered Planks & Tiles** - No tear out required and can be installed directly over most existing subfloors. *(except over existing finished hardwood floors)* They are extra rigid with no subfloor telegraphing concerns. *(See installation details on our website and on the back of the box, for further info regarding your existing floor application).*
- **Luxury Engineered Planks & Tiles** only requires an additional 6mil vapor barrier for floating installation or you can glue it down. To cut the product simply use a miter saw or laminate cutter.
- **Luxury Engineered Planks & Tiles** have an anti-microbial coating on top and a pre-attached rubber underlayment for a quieter warmer floor.
- **Luxury Engineered Planks & Tiles** are Greenguard Gold & Floorscore® Certified. They meet California Air Resource Board requirements.
